

CLIFFHANGER

Cliffhanger is a Superhero known for her agility, her love of nature and her ability to surprise everyone. She will often eliminate the criminal without even showing herself; her costume varies everytime. She likes climbing, nature, reading, music, and originality. She doesn't like injustice, homework, swimming, rugby (because of her fragile structure), and horror movies, which is kind of contradictory to her name. She is very good at climbing, running, and helping others. She would love to be able to fly, she likes action movies and she hates potatoes. She also has the ability to control earth and plants, she can perceive ultrasounds and she has a very good vision.
