

# FRUITBOY

Hello I am 10 years old. I can run fast, ride a bike and climb on the wall. I am a boy. I like bananas, chocolate and apples. I like playing football with my friends, playing badminton with my mum and playing pétanque with my family. I don't like the rain, storms and cookies. I don't like playing rugby, tennis and walking.

I'm good at football, pétanque and badminton. I'm great at running, swimming and jumping. I can speak Korean, English, French and Norwegian.

Today I am going to play football. I am going with my bike and after that, I want to go to the shop to buy bananas, chocolate and apples. On Sunday I am going to play pétanque and badminton with my friend.

And one day I had a nightmare. My sister was playing with some snakes, my mum was cooking some monkeys for breakfast and my dad was the president of the frogs. It was scary!

My super power is the banana nuclear bomb. It is my favourite power.
