

First I have put Hermione Granger's wand, because I like the ivy wrap around, I find it very beautiful ! Then I have put 3 of my favourite books, “les cahiers d’Esther”, “les pipelettes” and “Quatre soeur à Londres”. They are funny books and I love the story of each of them!

After that, I have put a little Harry Potter's wand, it is a pen and it's so cute !

I also took « Le traité des baguettes (Harry Potter) » it's a book with every wand in it!

Also I have put my favourite tee-shirt, I have had for 3 or 4 years, it's too small but it's my favourite tee-shirt because there is the United Kingdom flag on it (and it's my favourite flag) ...

Then, I have chosen Aquafine because it's one of my favourite hobby when I have some free time !

I have put Jelly Belly because I think it's important for future generations to know what funny food we eat now.

And to finish, I have chosen my favourite bracelets because on there is the United Kingdom flag on them!
