

**First, I am going to show you my handball ball with my medals because it is my favourite sport. Then, I have put my favourite book “12 ans”, it is about a girl who is 12 years old and whose life is going to change, it is a manga. I have chosen the two bandanas that I prefer, one red and one blue. There is my lucky necklace, with a turtle on it. I have put my teddy bear because I had it when I was a little girl and it is very important for me. Finally, there are some picture of me, my friends and my family. I have chosen these objects for the future person who will see my Time Capsule because they show who I am and what I like.**
